*Award of All-India Crop Competition Prizes (Changes in the Procedure).*

In supersession of the Press Note No. 56, dated 24th June 1952, issued by this office in connection with the award of the All-India Crop Competition prizes of Rs. 5,000 each, in addition to the certificate of merit "KRISHIPANDIT" to the farmers who secure the highest yields per acre for six principal crops (*viz.*, paddy, wheat, potato, jowar, bazra and gram) in the competitions to be held in the various States in India during 1952-53, on the recommendations of the State Governments, the Secretary, Indian Council of Agricultural Research, has now stated that the high yields reported by the State Governments were considerably exaggerated and the Government of India felt that unless suitable steps were taken to check inflated results to ensure correct reporting, the confidence of the public in the crop competitions would be completely shaken and the world at large would begin to feel that the results were not real.

The Government of India, after careful consideration, came to the conclusion that adequate supervision could not be ensured unless the final competition for determining the all-india prizes was confined to manageable proportions.

The Government of India have, accordingly, decided to introduce a system of "heats" and to treat the persons achieving the highest yields in the State competitions as eligible to compete among themselves in a final competition which would determine the all-India prizes.

According to the above system, all-India prizes and the certificate of merit "KRISHIPANDIT" will not be awarded in future on the basis of the highest yields reported by State Governments as a result of State Competitions.

The first six persons who obtain the highest yields in the State Crop Competitions would be regarded as eligible for competing during the next year among themselves, to qualify for the All-India Crop Competitions and the names of such persons will be recommended to the Indian Council of Agricultural Research for the award of All-India Crop Competition prizes.

Further particulars may be obtained from the local Assistant Directors of Agriculture.

TEXTILE MOVEMENT CONTROL ORDER AND DEALERS LICENSING ORDERS NOT REPEALED.

It is notified for the information of the public that though Control over distribution and prices of all categories and varieties of cloth and yarn has been lifted with effect from July 10, 1953, all the clauses of the Cotton Textiles (Control) Order, 1948, as they stood immediately prior to decontrol are in tact and none of the clauses has been repealed.

Under clause 22 (1) of the Central Order, the Textile Commissioner has specified the markings to be made and the prices at which cloth and yarn should be sold. The Textile Commissioner has since notified that the provisions relating to prices are no longer in force. The Textile Commissioner and the State Government will no longer be invoking the provisions of clauses 30, 30-A and 30-B of the Cotton Textiles (Control) Order, 1948 relating to sale of cloth and yarn by mills, wholesale dealers and retail dealers even though those clauses themselves have not been repealed.

Control over the movement of mill cloth, Powerloom cloth, and yarn from one zone to another is still in force. A permit is therefore necessary before a dealer can undertake such movements.

The policy of licensing of dealers in cloth and yarn continues to remain in force. The Mysore Cotton Cloth Dealers Licensing Order, 1948, and the Mysore Cotton Yarn (Control of Distribution) Order, 1948, are not repealed.

Mills are now free to charge any prices they like for their packings of cloth and yarn. No maxima have been prescribed. Manufacturers, and dealers are now free to sell any quantity of cloth or yarn at any price agreed upon between themselves and the buyers. Dealers can sell to one another irrespective of the distribution between Nominees, wholesale dealers and retail dealers or to consumers direct without reference to the prices, if any, stamped on the cloth or yarn.

Processors will have to affix only the Tex-mark and the month and year of packing on the cloth processed by them. Processed powerloom cloth also must bear the Tex-mark. Sale of processed mill cloth without these markings is an offence.

No manufacturer or dealer shall, even now refuse to sell cloth or yarn to any person without sufficient cause as required under sub-clause (5) of clause 24 of the Cotton Textiles (Control) Order, 1948, which is still in force.

Consequent on the removal of price and distribution controls over mill-made cloth and yarn, the collection of half per cent centage on Ex-mill value of cloth and yarn procured by dealers in the State is also discontinued and therefore, the countersigning of the Railway Receipts by the Controller of Civil Supplies before taking delivery of the goods is also discontinued.
